Summit Academy High School

Goal

Summit Academy High School's 2019-2020 goal is to continue to improve math and reading proficiency. The school will increase student proficiency by 10% annually in every Aspire Plus end-of-year assessment in all areas (LA, math, science) until we meet or exceed state proficiency goals by 2021. This is based on the needs assessment in our 2018-19 LEA Improvement Plan.

Academic Areas

- Reading
- Mathematics
- Writing
- Technology
- Science
- Social Studies
- Health

Measurements

Summit Academy High School will measure progress towards our goal by comparing Aspire + 2018-19 results with Aspire + 2019-20 results. Progress will be determined by the increase of proficient students or by an increase of students showing typical or accelerated growth. We will also compare data from the ACT test to determine if there is a consistent increase in the percentage of students who are on track to be college/career ready in the core areas of the ACT test.

Action Plan Steps

This is the Action Plan Steps identified in the plan to reach the goal.
1. SAHS will spend approximately $29,000 on professional development and/or stipends for our teachers and staff on the Big 8 essential elements of teaching, PLC data driven instruction and AP content specific and other training applicable to our 2019-2020 goal. 2. We will spend approximately $24,000 on upgrading classroom computers to enhance the technology component of teacher instruction and student presentations. The use of updated computers in the classroom of for teachers and students will increase student engagement in the learning process. Convertible laptops enable teachers and students to have mobility as they instruct and
present while using up to date technology. 3. We will spend approximately $2,000 on Character Ed supplies (post-cards and BEAR cards, postage and awards) to recognize and acknowledge positive behavior in students. 4. We will spend approximately $13,200 on updated curriculum and supplies for math, science, social studies, and reading.

**Please explain how the action plan was implemented to reach this goal.**

We did provide specific trainings over the summer to our departments geared towards best teaching practices and PLC data driven instruction. We also had our AP teachers do trainings over the summer put on by the state. We added several carts of chrome books to further our plan of becoming one to one with technology for our students. We were also able to purchase consumable curriculum for Math.

**2019-2020 PROPOSED MEETING SCHEDULE**

**Thursday, February 27, 2020 4:00 pm to 5:00 pm**

Summit Academy High School  
14942 South 560  
West Bluffdale, UT 84065
RULES OF ORDERS AND PROCEDURES

All meetings are open to the public and the public is welcome to attend.

The agenda of each upcoming meeting with draft minutes of the prior meeting will be made available to all council members at least one week in advance, will be posted on the school website and made available in the main office. The agenda will include the date, time and location of the meeting.

Minutes will be kept of all meetings, prepared in draft format for approval at the next scheduled meeting.

The chair conducts the meetings, makes assignments and requests reports on assignments. In the absence of the chair the vice-chair shall conduct meetings.

The council must have a quorum to vote. A quorum is equal to a majority of council members.
